

MATERIAL

Glass-fibre reinforced polyamide based (PA) technopolymer, black colour, matte finish.

STANDARD EXECUTIONS

Threaded pass-through hole.

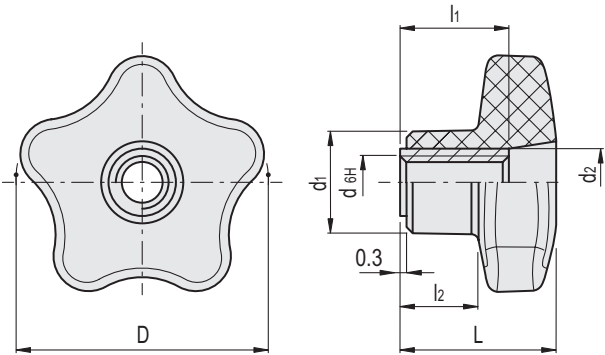

- **VC.654-FP-B**: brass boss.
- **VC.654-FP-SST**: AISI 303 stainless steel boss.

FEATURES AND APPLICATIONS

The five-lobed shape allows the operator to grip it correctly with their fingers and prevents the accumulation of unsanitary residues, thanks to a rear section free of cavities. The metal part, made from AISI 303 stainless steel, is suitable for use in environments requiring corrosion-resistant materials.
