LS.A-SST

Adjustable feet

Technopolymer base, stainless steel stem

INOX STAINLESS STEEL | RoHS | PA | NBR | +100° -30°

BASE
Glass-fibre reinforced polyamide based (PA) technopolymer, black colour, matte finish.

ARTICULATED STEM
Threaded AISI 304 stainless steel with regulation hexagon.

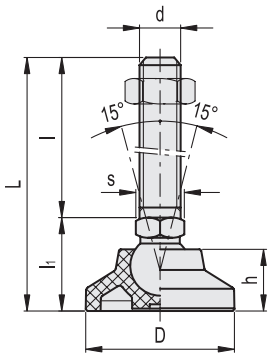

STANDARD EXECUTIONS
- **LS.A-SST**: without no-slip disk.
- **LS.A-AS-SST**: with NBR rubber no-slip disk, hardness 70 Shore A, supplied assembled to the base.

FEATURES
The particular assembling system of the no-slip disk to the base assures a perfect anchoring, preventing separation even in case of impact during transport or of adhesion (sticking) to the floor (see No-slip disks on page 835).

ORDER INFORMATION
The levelling feet are supplied unassembled to make carriage and storage easier. The components (base and stem) are supplied in separate packing: less volume taken and better protection from scratches and dirt.
To order bases and stems separately, see:
- table of possible combinations Bases/Stems (see page 839)
- the codes of the Bases (see page 836)
- the codes of the Stems (see page 840).

ACCESSORIES ON REQUEST
AISI 304 stainless steel nut (see Nuts NT. on page 835).
