

New Elesa catalogue brings together industrial handles for special applications

Elesa's new catalogue brings together a lot of very full information about their special application handles, so providing a single source reference for many high quality items with typical stylish design.

Well known as a market leading standard component supplier, Elesa have an extensive range detailed in their new catalogue – this includes many designs of bridge handles, tubular handles, luggage handles, flush handles, inset handles, locking handles and interlock handles with either inbuilt safety or indicator micro-switch, for personnel and machine protection.

A specialist range of white "clean" handles is described for use in applications such as electronic assembly areas and laboratories.

A hard copy of Elesa's catalogue "Handles for Special Applications" may be obtained free of charge by calling them on 01526 322670 or emailing sales@elesa.co.uk.

Further information regarding Elesa products may be found at: www.elesa.co.uk or follow them on twitter: [www.twitter.com/ElesaUK](https://twitter.com/ElesaUK) – also see www.youtube.com/elesauk.
